ABOUT:

An aspiring Full Stack Developer with a certificate in Full-Stack Developer Pro from Imarticus Learning. I have completed my Master's degree in Computer Applications (MCA) in the year 2022, specializing in information technology. Interested in pursuing a career in full stack development with the ability to resolve front end and back end problems. Well versed in data structures, algorithms and Front End Development. Additionally skilled in leadership, public speaking, problem-solving, and decision making. Looking forward to utilizing these skills in the organization.
